

Too Many Scotties

Too Many Scotties (Now in color) is the story of a little girl and the consequences of when a wish comes true. A smart, witty story with a subtle lesson on wishful desire. Little Paige has but one wish and that is for a Scottish Terrier. She obsesses on the wish and refuses to say anything other than I wish I had a Scottie over and over again. She awakens one morning to find every single wish she made, 201 to be exact, comes true with her bedroom filled with the little dogs. She learns very quickly not every wish that comes true is a good one.
