

Hollywood Lights [The Heroes of Silver Springs 6] (Siren Publishing Classic)

Tess returned to Silver Springs leaving her heart and acting aspirations behind in Hollywood. Two years later, both have followed her. Now an officer with the SSPD, she's found the strong, in control, happy side of herself she always sought. But a single command from Devon Gerards panty-wetting voice takes it all away, sending her spiraling down a path of wicked desire. Devon never understood why Tess left. Still, he let her go without a fight, and it was the stupidest thing he ever did. When his latest role brings him to Silver Springs, he knows it's time to reclaim what is his. But a case she's working on collides with the film he's shooting, throwing them into a battle that rages with danger, deceit, and desire. Tess made her first Silver Springs appearance in *Twin Games*. Though a secondary character, she left a lasting impression. For a woman who sought the spotlight, she surprised me by being content to spend the last three books making cameo appearances. Her contentment ran out, as did mine, when Devon came to town. We suggest you grab a tall glass of ice water because this one is HOT! ~ Tonya ~ Note: Contains M/M elements A Siren Erotic Romance
