

Twice in Love

Business has been a little slowly lately for Max, a professional photographer who shoots beautiful models. But when Max meets an advertising executive from Trinidad, he receives a job offer he cannot refuse. Three weeks later, Max agrees to try the job for ninety days; he boards his house, leaves his wife and daughters behind, and makes his way to a new beginning in the land of steel bands, limbo, and the calypso. As soon as he is introduced to his assistant Rose, Max enjoys several successful shoots; it is not long before he impresses his boss enough to ask him to stay on permanently. After Max and his wife agree his family should stay behind and visit as often as they can, the womanizer in him starts to come alive. As soon as he meets his assistants beautiful daughter, Roxanne, every plan he has ever made in his life goes by the wayside. The sexy, gorgeous, brown-skinned woman is about to help him realize the importance of passion, love, and a meaningful relationship. In this intriguing love story, two passionate souls tangled in a web of lust and desire must determine whether they are meant for each other or not.
