

Misfit Hearts

Misfit Hearts by Helena Maeve When clandestine trysts no longer satisfy, Quentin throws himself head first into an affair that may well cost him his heart. Quentins sole distraction from the monotony of life in the small town of Bastion Falls has been a string of meaningless but satisfying one-night stands with men whose names he doesnt know and whose stories he doesnt care to hear. Everything changes when dapper city boy Pierce comes to town. All it takes is one look for Quentin to know he doesnt trust the yuppie. Hes too clean-shaven, his shoes are too shiny and he acts as though he has Quentin all figured out. As events conspire to throw him into Pierces path, Quentin quickly learns that keeping his distance may not be all that simple and that Pierces path may be harder to navigate than hed first thought. Pierce makes no secret of his proclivities when he asks Quentin to submit to him, but what kind of past must a wealthy, college-educated man be fleeing from to ever end up in Quentins hometown? Helena Maeve About the Author: Helena Maeve has always been globe trotter with a fondness for adventure, but only recently has she started putting to paper the many stories shes collected in her excursions. When she isnt writing erotic romance novels, she can usually be found in an airport or on a plane, furiously penning in her trusty little notebook.
