

To Tame the Hunter (Men Made in America: Utah #44)

A New York Times Bestselling Author Selena Caldwell tried to escape to a Utah resort, but like a jaguar stalking its prey, York Sutherland followed. Though York was a stubborn and demanding businessman, there was no way he was going to get the woman he wanted by turning her into just another corporate takeover. This time he'd met his match, a strong-willed woman determined to triumph in the perilous hunt for love, no matter what the stakes.
