A great husband and kids that's how Meg Montgomery has always seen her future. Her present well, it looks a little different. Then suddenly she's guardian to her baby niece. And while the circumstances aren't ideal, Megs determined to give Charlotte the home she deserves. That may be hard to achieve when Charlottes uncle Russell comes back to town. Because Russell is also Megs almost ex-husband. The distance between them has done nothing to diminish their powerful attraction. If anything, seeing him with Charlotte makes Meg realize what a great father he could be. And being together this way makes those dreams of her future almost a reality.
