

Please Handle Me Carefully For I Have Been Broken

The stories and the lives of the five characters in this book are based on real people. Each has chosen to deal with the spirit of rejection in his or her own way. Each character came to be as a result of a difficult time in the lives of these people. They have had to endure and suffer from the spirit of rejection in secret or in the dark. Some of them have found the help that was needed to bring them into the light, and the others have continued on in darkness. Flabia Thembeka Rejection is not a subject that's readily addressed in the Christian community, yet is very prevalent. Many individuals have been told in their lifetime that they aren't good enough, that they are unwanted, or that they have no purpose in life, all of which are untruths. Over a period of time, they tend to believe the lies. You will come to realize as you begin to read this book, which Ms. Thembeka has so informatively written, that the spirit of rejection is a spiritone that takes on a life of its own in destroying the lives of others. In traveling through the lives of Ms. Thembeka's fictionalized characters, you may recognize yourself or someone you may know. In doing so, don't be discouraged and think that there's no way out, because as you continue on reading, you will find that THERE IS. Pastor Yohannah Watson
