

Spiritual Thoughts

In a time of higher prices, scarce jobs, and a growing complacency among some churches, many people are asking God for the connection between His Spoken Word and their lives. Many are trying to understand the scriptures and what purpose do the scriptures have in their lives. How can these scriptures apply to their everyday existence? BJ Butler learned God is speaking to us all the time but many of us are too busy to listen. Once he began listening, he began sharing with others as a way of encouraging them. The need to see and hear someone who has been able to share their testimonies is needed in a nation where God is slowly being removed and replaced with an inclusive god (a deity that emphasizes all of us getting along while simply doing good until we are no longer walking this earth). In *Spiritual Thoughts*, you will read some personal testimonies of The Living God exposing BJ's everyday Christ like attempt behavior to the Word of God and God's correction. He hopes you will find many of us are traveling down the same road in life. He prays you will discover a new found zeal to serve God and to learn more about who He is to you. After all, we are all human beings subject to human error in need of God's Correction.
