

## The Marshall Plan (Bennett) (Volume 2)

A wannabe journalist. An untapped local scandal. An entire future on the line. Molly Marshall is happily married, incredibly rich, and up for a Pulitzer . . . in her dreams. Her reality is a different story. No one wants to pay her to write, and her student loans won't let her work for free. Her job in a taco truck with her psycho roommate is the only escape she has from her lackluster fiancé, Gavin. But when a scandal she failed to cover as a student surfaces again, Molly can't resist the chance to put her name on the map. There's just one problem: selling the story means hurting the people she cares about the most. With a dear friend's trust and Gavin's love at stake, Molly must make a choice. What will it be, her ambition or her heart?
